

Homeless Outreach Summer Needs

DRC Solutions' Outreach Team distributes needed items all summer to people experiencing homelessness. You can help by collecting and donating the following items:

Bottled Water

Thousands upon thousands of bottles are distributed each year. *We can never have too much water.*

Any brand of bottled water is accepted.

Hygiene Kits

Basic hygiene is difficult when one has no access to a bathroom, and hygiene kits are very appreciated by the people served through the DRC Outreach Team. Basic kits can be assembled in plastic zipper bags for ease of distribution. Items may be full-size or "travel" size.

Any brands are welcome. Collection of these items and assembly of kits makes a great group project!

Basic

- Deodorant
- Toothbrush
- Toothpaste
- Bar of soap
- Washcloth

Advanced

- Shampoo
- Feminine products
- Mouthwash
- Hand lotion
- Razor
- Shaving cream
- NEW socks
- Lip balm
- Bandages
- Antibiotic cream

Insect Repellent

Mosquito bites are not only annoying but can spread disease. Keeping the bugs away is a constant struggle for people living unsheltered. Insect repellent spray is greatly appreciated.

Any brand, any size are welcome. Pump, aerosol, wipes, lotion, coily bracelets, we'll take any kind.

Sunscreen

Spending hours in the sun every day can lead to dangerous sunburns and long-term skin issues. Sunscreen is a high-demand item for people experiencing homelessness.

Any brand, any size, but higher SPFs are recommended.
